

ELEMENT BUMPER

Modern styling dramatically improves factory appearance, provides off-road capability and features an optional rotating power bar that hides a 20-inch center light bar at the touch of a button.

14 gauge 1/8" steel shell 1/4" steel mounting bracket

Light pods* mounts behind mesh panels

Rotating Power Bar with cover panel *or* light-ready cavity with static mounting plate for 20" double row LED light bar*

Mesh panels reduce weight and improves air flow. Panels are paintable for a customized look.

Exclusive dual function tow hook mounts fits up to 1" shackles

APPLICATION-SPECIFIC FOR TOYOTA TACOMA DOUBLE CAB

Power Bar hides center light bar at the push of a button.
