

FRAME MOUNTED STEEL SLIDERS

NEW
VEHICLE
APPLICATIONS

Frame Mounted Steel Sliders for your vehicle's rocker panel and body protection

Go Rhino's sliders give you the added strength and protection needed when on the trails. The sliders mount to the vehicle's frame, making them perfect for driving in on- and off-road conditions.

- One-piece welded construction for strength and durability
- Matte black powder coat over zinc-coated primer
- Sold in left/right pairs with all mounting hardware included
- Limited one (1) year warranty on materials, workmanship and finish
