

DOMINATOR XTREME SERIES D2 SIDE STEP

The **Dominator Xtreme D2** combines the good looks and cool factor of the drop step design with the functionality of a traditional OE oval side step.

The one-piece main bar is constructed of heavy duty steel formed channel with the two welded hoops strategically placed beneath each door. The punched steel step pads offer no-slip grip in wet or muddy conditions and make entry and exit of a lifted vehicle easy.

- One piece main bar constructed of formed steel channel
- Rugged style enhances truck appearance
- Dual hoop steps on each side where applicable
- Punched galvanized steel step pads for extra no-slip grip
- Step pads are removable and paintable
- Limited Lifetime Warranty & 5 Year Finish Warranty
- Assembly is zinc plated then finished in textured black powder coat for long life
